ONLINE STREAMING OPTION - WHAT IS IT?

It's very similar to Netflix or Amazon Video - The show is stored online for you and you can stream it as many times as you wish via the internet to multiple devices such as your phone, computer, tablet and smart TV.

What are the advantages?

Higher Quality - It will be full HD (1080p) which is much sharper and clearer than what you get on a DVD which is just Standard Definition.

No Postage - There will be no postage costs, and no waiting for it to arrive in the post.

No Damage - Discs get scratched or lost. This will be kept safe online!

Password Protected - Only you can access it via a password meaning all content is safe and secure.

Easy Access - Watch on your Computer, Phone, Tablet, Apple TV and Smart TVs.

Mediazilla have an app you can download on Apple IOS, Android & Amazon Fire TV.

No Plastic - It's much more environmentally friendly too - It means not using plastic discs and cases.

Future Proofing - Soon, DVD players will be as obsolete as VCRs and VHS videos - Online content will last!
